

Career Equity Review (CER) Checklist

Request must be coincident with a merit or promotion action

CER decisions effective July 1

The faculty member submits their merit or promotion materials through the usual process in their department/dean's office. The merit/promotion packet and the CER request must be submitted to the Dean by the established due date for the merit/promotion.

Materials listed below are the required documents needed for the CER review

____ Letter from faculty member which identifies

--the area(s) of the record that the faculty member believes were not properly evaluated in past reviews

--area(s) of the record that indicate he/she was not hired at the rank/step commensurate with their accomplishments at the time of hire

____ Departmental letter with faculty vote and comments (can be brief; Chair may add his/her own letter as per normal policy) -- **see sample ballot.**

____ Signed Disclosure Statement

____ Dean's recommendation letter

____ Supporting documentation that is required for merit/promotion

If the department Chair, Faculty Personnel Committee (FPC), Dean, CAP or the Vice Provost identify a faculty member that they think should seek a CER, and if the faculty member agrees to be considered for such a review, the required materials above shall apply.

Any career equity adjustment that would involve a promotion, advancement to Step VI, or advancement to Above Scale, will require extramural letters as per current policy.

Career Equity Reviews may not be requested more frequently than once every six years.
