Checklist for Appointments

For the following Academic Federation series:

**Academic Administrator**

**Academic Coordinator**

**Department must initiate and receive approval of Step 1 before continuing to Step 2 or Step 3:**

1. ____ Request for position (screening) which should include:
   a. A letter requesting the position
   b. An organizational chart
   c. A position description (with percentage of effort expected for each activity). Use the sample position description from the Academic Affairs website:

   The above information is submitted to the dean’s office to forward the request to the committee for review and recommendation. The Dean will have approval authority.

After the position screening has been approved, the Department must initiate Step 2 or Step 3 before assembling an appointment dossier:

2. ____ If conducting a search, submit a completed Final Recruitment Report to the dean’s office (UCD 500, [http://www.ucop.edu/academic-personnel/_files/apm/apm-500.pdf](http://www.ucop.edu/academic-personnel/_files/apm/apm-500.pdf)). Also attach a copy of the advertisements and the approved search plan.

3. ____ Or, if requesting a Search Waiver, submit a request through Forms On-Line to the dean, including:
   a. The candidate’s curriculum vitae
   b. A position description

   The dean will add their recommendation and the search waiver will be routed via Forms On-Line to the Vice Provost for review and consideration.

**Department will submit to the dean’s office**, in the order presented below, and collate each set (original and one copy).

____ Recommended Action Form.

____ Departmental letter of recommendation:

   a. Report of consultation and vote of eligible department members consistent with the departmental voting procedures, and the date the voting procedures were approved. Reasons for negative votes should be addressed in the department letter. Strongly recommend that all written comments be appended to the department letter.

   **Note:** A peer group recommendation does not need to be provided for appointments but an approved peer group/voting group plan must be in place before committee review of the dossier.

   b. If applicable, an analysis of the quality of the administration, coordination, or management of programs, analysis of professional achievement and evaluation of University and public service.

____ Extramural and Clientele letters (5-8 letters are normally adequate and do not need to be “Arm’s-length”). Include the following:

   a. List of all referees, including academic/professional title and expertise of each referee. Upload into MiV as a Non-Redacted letter.
      i. This list must identify those nominated by candidate and those nominated by department. If the same name appears on both lists, they will be included on the department list.
      ii. Indicate which referees are arms-length.

      “Arms-length” letters are from external referees who are independent of the appointee, who are known scholars in the field, and who are able to provide an objective evaluation of the work. Use of external referees whom the reviewers may not regard as objective or independent, either because they are too close to the appointee professionally (collaborators, thesis supervisors, personal friends, teachers,
etc.) or because they have a personal relationship with the appointee, may be included if they shed light on collaborations. An effort should be made to contact individuals who have not contributed letters for prior reviews for the same candidate. It is also desirable to have some referees who are familiar with the UC rank and step system since referees from within the University (outside UC Davis) can speak to the issue of the appropriateness of the step.

**NOTE:** Review UCD 220 IV.F.3.d. for further information.

b. Example of the solicitation letter. Do not include the name and address of a referee in the example. Upload into MIV as a Non-Redacted letter.

c. The following information should be marked on each of the extramural letters.
   i. Stamp all letters “CONFIDENTIAL”
   ii. Each letter must be identified separately by a letter or number that corresponds to the letter or number used in a. above, to ensure confidentiality of reviewers (APM 160).
   iii. Each letter should be identified as being from either the “candidate list” or the “department list.”
   iv. Indicate whether the letter is “arms-length” or “not arms-length”, according to the opinion of the department chair.

(See APM – 210; APM—220-80-c. and UCD 220 Exhibit B.)

**NOTE:** Upload the redacted and non-redacted versions of the extramural letters in MyInfoVault (MIV).
